

## **Non-Public School Inclement Weather Procedure**

Colonial School District adheres to the guidelines of the Pennsylvania School Code for transportation. The PA School code states "transportation of pupils attending non-public schools shall be provided **during regular school hours** on such dates and periods that the non-public school (not operated for profit) is in **regular session.**" **Specifically, we do not provide transportation on days there is an adjustment to the regular day and regular school hours. We will provide transportation on the Colonial School District schedule.**

Listed below are a few different scenarios that should help parents understand our process on inclement weather days.

- A. Colonial School District is on a 2-hour delay.  
All transportation will run on a 2-hour delay. If we are making the decision to run on a 2-hour delay, we feel that the roads are not safe for any bus to travel; therefore all non-public schools will also be provided transportation on a 2-hour delay.**
- B. The Non-Public School is open 2 hours late, but Colonial School District is on a regular schedule. Colonial buses will run at their regular time. There will be no bus transportation for the 2-hour delay for the non-public schools. Transportation is only provided per the schools regular schedule during their regular scheduled hours.**
- C. Colonial School District is closed.  
All bus transportation is cancelled.**

In the event of an early dismissal due to inclement weather, the Colonial School District will notify the non-public school of our intent to pick students up early. The approximate arrival time will be given to each school. It is the responsibility of the non-public school to notify their parents of the early pick up.
