103.2 Discrimination Complaint Procedure

The Colonial School District recognizes that an equitable solution to complaints of discrimination by its students and employees is best secured at the lowest possible administrative level.

The procedures for handling complaints of discrimination on account of race, color, creed, nations origin, sex, age, or handicap as defined by law will be kept as informal and confidential as may be appropriated at any level of the procedure.

The discrimination complaint should be processed as rapidly as possible.

The time limits provided may be extended by written agreement of both parties.
