207 Military Recruiters

“No Child Left Behind” Legislation requires the adoption of policy regarding access of Military Recruiters to the high school student population. The Board recognizes that equal access in school to secondary students must be provided to military recruiters and institutions of higher education. In furtherance of this requirement, the Board authorizes the high school principal or designee to:

- ◆ Disclose names, addresses and telephone numbers of secondary students to military recruiters and institutions of higher education, upon request, unless the parent or student, if 18 years of age or older, requests that such information not be released without prior written consent, and*
- ◆ Notify parents of their option to have such information withheld in the absence of their prior written consent.*
