254 *Removal of Student(s) in Illegal Attendance*

Investigation of non-resident and suspected non-resident cases shall be made by the home and school visitor. Evidence of actual legal residence outside the Colonial School District and/or lack of legal residence within the Colonial School District shall be documented.

In all cases of documented non-residents attending the Colonial schools, or children otherwise illegally attending Colonial schools, parents or guardians shall be informed of such illegal attendance by the home and school visitor and offered the following options where applicable to the situation.

- 1. A resident of the Colonial School District with whom non-resident children are living may complete required forms assuming gratis support of the child or children involved.*
- 2. Parents or guardians of non-resident children may apply to the Board of School Directors for permission to have their children attend the Colonial schools if supported with written agreement that the parent will assume full tuition costs. Action of the Board of School Directors will determine final disposition of these cases.*
- 3. Parents or guardians of non-resident children may withdraw their children from the Colonial schools.*
- 4. Parents or guardians of tuition students, whose tuition accounts are delinquent must pay the delinquent account and maintain the account in a current status or withdraw the student(s) from the Colonial schools.*

In above cases the appropriate options shall be discussed with the parents or legal guardians by the home and school visitor.

In cases where documented non-resident and/or illegal attendance in the Colonial schools is established and appropriate actions as indicated above have not been taken as specified then the case shall be referred by the home and school visitor to the school district solicitor for appropriate
