915 *School - Community Association*

Representatives and members of the Home and School Association and the Parent-Teachers Association in all circumstances are to be treated by district employees as sincerely interested friends of the schools and as staunch supporters of public education in the district.

Staff members shall be encouraged to join the Association and to participate actively in its program. The board requests that they conduct themselves in such a way as to perpetuate the district-wide orientation of the Association, and outlook which the board deems to be of the highest value in the operation of its educational program.
